Chief Magistrate Commends People For Progressiveness.

HE SPEKS OF SCHOOLS

Qualities That Make Good Citizens Are the Same as Have Prevailed From the Foundation of the Republic.

Schuyler, Neb., May 10.—President Roosevelt's train stopped here a few minutes. The president spoke as follows: "It is a very great pleasure to see you. I cannot say how I have enjoyed passing through Nebraska. I passed through much the same region two years ago and it is an ever fresh pleasure to see the progress that you have made in this great agricultural state, the way you have pushed the fertile districts steadily west, what you are doing with the farm and ranch the western part of the state and what you are doing with the farm and ranch here. I have been glad to see the evidences of your material prosperity, but more than that I have been particularly glad to see the type of man and woman that you have produced here in Nebraska. That is what really counts, and that is the reason that the crop in which I am most interested is the crop of children, and for that reason I have been particularly pleased, in passing through this state, to see the great attention that you are paying to the schools, the great attention being paid to the citizen of twenty years hence. It is in civil life as it is in military life, weapons have changed since the Civil war; tactics have changed, but the qualities that make a good soldier have not changed. So it is with citizenship. The qualities that make a good citizen now are the qualities that made a good citizen in the days of Lincoln and in the days of Washington. In the first place, you have got to have honesty. If you have not honesty the abler you are the more dangerous you are, and honesty is not enough. Besides being honest and decent, you have got to be a game man, and then you have got to have the saving grace of common sense."

MEET AT MEMPHIS.

Secretary Wilson Will Be Joined by Rock Island Officials.

Chicago, May 10.—Secretary Wilson and representatives of the department of agriculture who will tour the southwest to inspect the condition of agricultural development will be joined at Memphis Friday by officials of the Rock Island system and others, who left Chicago in a special train on the Chicago and Eastern Illinois railroad. Secretary Wilson, Professor James M. Spillman, in charge of grass and forage plant investigation of the department, and M. A. Colvin of the grain investigating bureau, left Chicago over the Southern railroad, arriving at Memphis Friday morning. The "campaign of education" will be begun at Little Rock, where the party will arrive over the Rock Island system in the afternoon. At Little Rock the meeting will be addressed by Secretary Wilson and other officials of the department. Farmers and others interested in the department's agricultural experiments in this section, for which congress appropriated \$75,000, have been invited to attend. Special railroad rates have been granted to those living at a distance. The results of the investigation by the department especially interesting to this and other parts of the country to be visited will be presented. A tour over the Rock Island system through Indian Territory, Oklahoma and portions of Kansas will follow. Oklahoma City being the next place where a public meeting will be held. This city will be reached Saturday, May 13, and a meeting will take place in the afternoon.

SARGENT PRESENT.

Saw to It That Undesirable Immigrants Did Not Land.

Washington, May 10.—Secretary Taft, general commissioner of immigration, has returned from New Orleans, where he went to be present at the landing of a body of Italian immigrants. The vessel brought 765 Italians from Palermo. All but about twenty were permitted to land. Those refused did not meet the requirements of the law in some particulars. The immigrants were landed at New Orleans at the suggestion of the Italian ambassador, through whom southern planters made an appeal for Italian laborers. They will be employed largely on the plantations of Louisiana and other southern states.

Muskogee, May 10.—The twelfth annual convention of the Oklahoma and Indian Territory Firemen's association was called to order with about fifty delegates present. The visitors, before proceeding to business, were tendered a trolley car ride over the city.

McClellan's Last Letter.

New York, May 10.—A letter written by General George B. McClellan four hours before his death was sold for \$10.

PRESIDENT EMPHATIC.

Omaha Bee Says He Will Not Again Be a Candidate.

Omaha, May 10.—The Bee quotes President Roosevelt as making it emphatic that he will not be a candidate for president again.

MUST COME.

Taft Says That Railway Legislation Is a Certainty.

Washington, May 10.—Frank P. Sarfairly took the breath of the 300 railway men, members of the International Railway congress, in a dining of the guests of the American Railway association at the New Willard, when after being introduced as "The Apostle from the Philippines," he emphatically declared that railway rate legislation must come, that if the railway men of

WILLIAM H. TAFT, SECRETARY OF WAR.

the country were wise they would aid and not hinder it; that the sentiment of the country is such that proper regulation meant a campaign on the subject that would do no good to the railroads.

Absolute silence reigned when Mr. Taft spoke his mind on the subject of rates. He was positively against government ownership, he said, believing that nothing so deleterious could come to the country as this solution of the question. "But," he continued, "you cannot run railroads as you run private business enterprise. You must respond to the public demand. If there is danger of discrimination, then you must allow the establishment of some tribunal that will remedy this."

DESPERATE MEASURES.

If Demands Are Not Complied With the Torch Will Follow.

Reval, Russia, May 10.—At a large meeting of workmen here, which was attended by delegates from St. Petersburg and a number of masked men, it was decided to proclaim a three days' strike in connection with Labor day, May 14. It was further determined to serve fresh demands upon the employers, coupled with the information that if they are not complied with inside of twelve hours destruction of factories by fire will follow.

GERMANS SECURED.

They Are to Accompany a Division of Russian Pacific Squadron.

Frankfort, May 10.—The Frankfort Zeitung says it has received advices from Hamburg to the effect that agents of the Russian government have completed arrangements through the Society of German Captains and Officers of the Commercial Marine for enlistment of officers and crews for transport ships which are to accompany the fifth division of the Russian Second Pacific squadron to the far east. These crews, it is added, proceeded to Libau, on the Baltic sea.

GOES TO MADRID.

Count Cassini Has Been Transferred to Spanish Capital.

Washington, May 10.—Count Cassini, Russian ambassador to this country, has been transferred to Madrid. He will be succeeded here by Baron Rosen, until recently Russian minister at Tokio. Count Cassini was offered the ambassadorship to Madrid two months ago and accepted it. He will leave in June for his new post.

Complied With Request.

Saigon, May 10.—The Russian cruiser Jemtechug and Russian auxiliary cruiser Rion, belonging to Admiral Rojstvensky's squadron, arrived off Cape St. James, near here, during the night of May 8 and left at the request of the governor of French Indo-China.

Reports Renewed.

Tokio, May 10.—Reports of Japanese plans to order the construction of two battleships and six large cruisers abroad are renewed. Representatives of English naval constructors are here endeavoring to secure orders, but it is doubtful if the government has reached any decision in the matter.

Elude Jap Warships.

London, May 10.—A dispatch to the Exchange company from St. Petersburg says it is reported there that the Russian cruisers Almaz and Jemtechug, belonging to Rear Admiral Voelker's division of Vice Admiral Rojstvensky's squadron, have eluded Japanese warships and reached Vladivostok.

THURSDAY, MAY 11.

A. AND M. COLLEGE BOYS DEFEATED THE UNIVERSITY.

A young man named Smith, from Kyle, pitched ball in dress-parade style; To the 'Varsity crowd. Not one hit he allowed. Gee! They were scared all the while.

In the fifth inning Singleton, the slender young man who grazes playfully in 'Varsity's right pasture, used his glimmers to good advantage and was given free transportation to the first cushion. He was caught a moment later just as he was about to enter into friendly relations with Kelley, the little Indian chief who guards with commendable courage the second tepee for A. and M. Thus "Little Boozie" put a crimp in the aspirations of the paleface, who thereupon despaired of all hope of ever reaching the great wigwam.

Smith pitched one of the greatest games ever seen in the South. During the nine innings nothing even resembling a hit was made by the crack batters of the University. They came to the bat expecting to be struck out, and they were not disappointed. Some played a new system and did not wait for the umpire to call them out, but insisted upon him doing so, by gracefully leaving the plate. As stated, but one man reached first base and he ambled to the bench long before the time he had hoped. The most wonderful feature of the game was the fact that the first three men up in each inning were put out; in the nine innings but twenty-seven University men faced the A. and M. pitcher. He struck out ten men, very often two in an inning. Only four hits were sent to the outfield, while thirteen were handled by the infield. The Farmers played an errorless game, not a single miscue being registered against them, while 'Varsity was charged with three.

A. and M. had several chances

to score, but good pitching by Shands and clever fielding by his team mates kept them from tallying. The single score made by A. and M. came in the seventh on a hit to the left. The ball hit Robertson's glove and bounded off. It was a hard hit to field and Hanna reached first. He was sacrificed to second by Kelly, went to third on a passed ball by Francis, and waltzed home a moment later on a wild pitch by Shands.

The game was played in exactly one hour, the final score being A. and M. 1, 'Varsity 0. The ease and swiftness with which the University boys were disposed of may be judged by the following plays by innings. First—Robertson struck out, Beasley struck out, Edwards flew to center. Second—Francis fouled to catcher, Singleton out at first, Jacoby struck out. Third—Fulcher flew to center, Vann flew to right, Shands struck out. Fourth—Robertson flew to short, Beasley flew to second, Edwards out at first. Fifth—Francis struck out, Singleton drew a base on balls but was caught a second later. Jacoby struck out. Sixth—Fulcher out at first, Vann struck out, Shands flew to second. Seventh—Robertson out at first, Beasley out at first, Edwards flew to second. Eighth—Francis struck out, Singleton struck out, Jacoby out at first. Ninth—Fulcher struck out, Vann out at first, Graham flew to right. Then the explanation club was organized.—Austin Evening News-Tribune.

An election will be held June 6 in the Houston district to select a successor to the late Congressman John M. Pinckney.

LAST OF THE SEASON.

The last baseball games of the season at the A. and M. college will be played Friday and Saturday next with A. and M. against Baylor. Game called Friday at 4:30 and Saturday at 3 p. m. Baylor has a good team, one of the best in the state, and lovers of the sport should not miss their last opportunity.

SANITARY NOTICE.

The practice of allowing waste water to run into the streets is in violation of the law, and having frequently called attention to the fact, I desire to give this last notice that all parties violating the ordinance in future will be dealt with according to law.

R. H. Harrison,
135 Acting Health Officer.

COUNTY TREASURER'S REPORT.

Brazos County Finances Continue in Good Shape.

The quarterly report of County Treasurer Jno. M. Lawrence, filed with and approved by the Commissioners Court now in session, shows that the affairs of the county are still well administered and finances in good shape. The road and bridge fund shows a small overdraft, which will no doubt be covered by transfer from some of the other funds exclusive of the school fund and sinking fund. The cash basis upon which the business of the county is conducted is eminently satisfactory.

The treasurer's report shows balances as follows:

First class	\$ 564 86
Sinking	865 07
Public Building	5650 83
Third class	2914 71
Poll Tax	469 91
Road and Bridge over-drawn	\$242.13
Balance on hand	\$10,223 25

W. S. Wilson, Agent.

LOEB AVOIDS SHERIFF

Latter Fails to Serve Summons on the Secretary.

ROUTE WAS CHANGED

Miss Mae Wood Desires to Include In an Action to Be Brought the Confidential Clerk of President Roosevelt.

Missouri Valley, Ia., May 10.—William Loeb, Jr., secretary to the president, passed safely through Nebraska without being served with summons in an action filed by Miss Mae Wood demanding \$55,000 on a charge of conspiracy to deprive her of certain mis-sives alleged to have been written to her by a United States senator. The secretary's escape from service was the result of a change in the itinerary of the presidential special, by which the train was transferred to the tracks of the Elkhorn division of the Chicago and Northwestern at Fremont, Neb., and run to Missouri Valley, where a connection was made with the main line. The change left Douglass county, Nebraska, and the sheriff with his summons about thirty miles off the route of the special. No announcement had been made of the altered plans until the special arrived in the yards at Fremont, Neb. Then it was stated by railroad men on the train that by skipping Omaha a saving could be made in time. Railroad men also said that the Douglass county sheriff was waiting at the station to board the train and ride into Omaha. If he was there he failed to find the train, for it was made up in the yards to suit the new plans. The guests on the train were at dinner in the private car of Vice President A. L. Hohler, when it was said that the train would be sent over the Elkhorn line. Mr. Hohler's car was to be cut out of the train, so without concluding dinner, the party transferred to the regular cars of the special. Porters on the car bewailed the fact that supplies for the train had been ordered sent to Omaha, and that the new programme would leave them with insufficient material to serve the party Wednesday. United States Senator Burkett and Edward Rosewater, publisher of the Omaha Bee, who boarded the train at Grand Island, Neb., to accompany the president to Omaha were given no warning, and when the announcement was made began to figure on some way to get to Omaha. Mr. Hohler made them his guests, but they were greatly disappointed, as it had been planned to have a delegation of prominent citizens meet the president when he reached Omaha. Mr. Loeb had objected to being served with summons in the case filed by Miss Wood. He was made a party to the suit jointly with Robert J. Wynne, former postmaster general and J. Martin Miller, formerly a newspaper man, but now in the consular service.

Mr. Loeb stated in an interview that he knew nothing of the facts alleged by Miss Wood, who said she wanted to recover the letters in order to use them in a book to be known as "Love Letters of a Boss."

TO AVOID HIM.

Sheriff So Construed Change Made In the Route.

Omaha, May 10.—Sheriff Power of this county was on hand at the union station Tuesday night in anticipation of the arrival of President Roosevelt's train with the intention of serving on Secretary Loeb a summons in the Mae Wood suit filed ten days ago against Mr. Loeb, Robert Wynne and J. Martin Miller for \$35,000 damages. The sheriff accepted the change of route as a plan to avoid him, and said he would not pursue the matter further at this time.

Miss Wood has made the statement that if Secretary Loeb avoided the summons she would transfer her suit to the Federal court and secure summons by means of a United States marshal.

BADGER DEAD.

Figured Prominently at New Orleans Since the Civil War.

New Orleans, May 10.—General Algeron S. Badger, United States appraiser for New Orleans, is dead, aged sixty-five. He was born at Boston. When the Civil war began he enlisted in the Sixth Massachusetts volunteers, then became an officer in the Twenty-sixth regiment and was with the first troops sent to New Orleans after its fall. At the close of the war General Badger remained at New Orleans. He was in command of the metropolitan police in the battle of Sept. 14, 1874, when Governor Kellogg was overthrown, and seriously wounded in the fight. In 1878 he was made postmaster and thereafter collector of customs and later appraiser.

FRISCO IN CHARGE.

Reported That System Has Really Taken Tennessee Central Road.

Nashville, May 10.—A dispatch to the Banner from Harriman, Tenn., says: "It is reported here that the Frisco system has in reality taken in the Tennessee Central and extension line from Harriman to Tellico Plains, Tenn., and that this is one of the first moves on the part of the big system. The new system will be known as the Tennessee and Atlantic, and the proposed extensions will pass through a section rich in coal, iron and timber. The route will probably lead from Harriman to Kingston, Tenn., and thence to Sweetwater and Madisonville, Tenn., on to Tellico Plains."

Business Portion Burns.

New Orleans, May 10.—A special to the States says business portion of Florence, Miss., burned. Loss, \$200,000.

TWENTY-NINE DEAD.

Thirty-Five Were Seriously Hurt and Some of Them May Die.

Marquette, Kan., May 10.—It is now known that twenty-nine lives were lost as the result of the tornado that wrecked this town and forty-four persons hurt. Some of them may die. Several others are suffering from broken limbs and internal injuries.

Application Denied.

New York, May 10.—Justice Maclean in the New York state supreme court has denied the application of Herbert G. Tull of Philadelphia, a policy holder in the Equitable Life Assurance Society, for an injunction restraining that society and the New York state superintendent of insurance from proceeding further with respect to the proposed amended charter of the Equitable, which was sent to the superintendent of insurance for his approval. The amended charter provides for mutualization of the society.

People of Owl, I. T., have made an appeal for aid. A storm a few days ago wrecked the town.

MINOR MATTERS.

Bryan Callaghan was elected mayor of San Antonio.

Two prisoners broke jail at Greenville, Tex.

Portions of Clay county, Texas, were badly damaged by wind.

The school board held a meeting yesterday afternoon for a conference with Architect C. H. Page of Austin regarding the plans for the West Side school building. A few minor changes being necessary to get the plans ready for bids.

The Stamire lake fishing party returned home yesterday. The boys say that the Trinity river was about as high as it ever gets. The river was running through the lake, and fishing was out of the question.

The Brazos river was brimming bank full yesterday, and in fact ran out in the bayous at Carson & Smith's place yesterday morning, but began falling before any damage was done.

COLD NIGHTS CAUSE CATARRH.

Everyone Should Use Hyomei and Kill the Germs.

No other season of the year is responsible for as many cases of catarrh as the Spring. The warm days and cold nights, with their frequent and sudden changes in temperature, bring the catarrhal "snuffles" to nearly everyone.

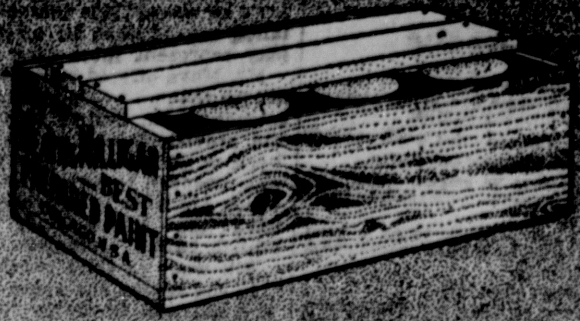

The best physicians long ago saw the folly of taking medicine into the stomach to kill catarrhal germs in the head and throat. Air alone can reach these germs, and today the most successful physicians prescribe Hyomei for all catarrhal troubles.

The germ-killing and health-giving Hyomei, when breathed through the pocket inhaler that comes with every outfit, penetrates to the most remote cells of the air passages and respiratory organs. It searches out and kills catarrhal germs in the head, throat, and lungs, soothes and heals the irritated mucous membrane, and absolutely drives catarrh from the system.

Thousands of testimonials like this of Capt. Cameron, in charge of the Salvation Army at Berkeley, Cal., attest to the speedy relief given by Hyomei. Capt. Cameron writes: "I have been a sufferer from catarrh of the throat for a number of years, so bad that I could not speak so as to be heard at any distance. The first use of Hyomei relieved me, and I believe that it has given back to me the good voice I had in years gone by."

The complete Hyomei outfit costs but one dollar, and includes an inhaler and sufficient Hyomei for several weeks treatment. You take no risk in buying Hyomei. E. J. Jenkins absolutely agrees to refund the money if it does not give satisfaction.

A CASE OF NECESSITY

Should always be met with the immediate application of the proper remedy. We have the paint your house needs. We sell everything for a turn key job of building.

LAW, REAL ESTATE, AND INSURANCE.

WE OFFER FOR SALE

Three brick buildings on Main street.
Three family residences one block north of courthouse square from \$880 to \$1300.
Beautiful building lots fronting graded school.
Lots in Carr's addition for sale cheap.
Joe S. Reed residence, an elegant home and suitable for private boarding house and convenient to Main street.
V. B. Hudson two story residence, a good comfortable home and all modern conveniences and near graded school.
Jno. Kestler place, price \$950.
Lots and houses of all kinds and descriptions in any part of town to rent and for sale. Most of this property can be bought on time by paying one third cash.
Lots improved for parties desiring us to do so. Will sell, rent and exchange property in most any part of the state.
We have a number of good upland and creek bottom farms that we offer at bargain prices.
We also have Brazos bottom lands for sale in any sized tracts desired, improved and unimproved, the richest land in the world.
We have hog and cattle ranches for sale in Brazos and Burleson counties and large cattle ranches in Western Texas and Mexico.
Loans negotiated.
We have property listed with us for sale and exchange in most every part of Texas, both city and country property.
We buy real estate as well as sell it.

INSURANCE.

We are prepared to insure any kind of insurable property—stores, stocks of merchandise, machinery, corporation property, warehouses, cotton, country property, grain, etc.
We can insure your life in the best companies on earth, for a less premium than many companies charge for the same class of property. This is important, as statistics inform us that while fire insurance is a good thing, life insurance is more important as out of 1200 fire risks one burns, where every man who insures his life dies.

PASSES THIRD READING.

Banking Bill, With Amendments, Has
Progressed That Far.

Austin, May 10.—In the house an amendment to the banking bill was adopted prohibiting any person being a director, officer or employee of more than one bank or trust company in any town or city of less than 15,000 inhabitants, except that an attorney at law may represent more than one bank.

Mr. Mays offered an amendment providing that any corporation now in existence which desires to avail itself of the provisions of this act shall divest itself of all powers it now enjoys. This was intended to affect the state banks, which are now in existence and which have the privilege of establishing branch banks. Adopted.

Bill went to third reading.

In the senate the house general election bill was favorably reported.

For Pinckney's Successor.

Austin, May 10.—Governor Lanham Tuesday issued a proclamation for the election of a congressman in the Eighth Texas district to succeed Hon John M. Pinckney, deceased. The election will be held June 6.

ELDRIDGE ARRESTED.

Taken to Leliville in the Custody of the Sheriff.

Bellville, Tex., May 10.—Sheriff Palm and County Attorney Johnson were called to Wallis, in connection with the killing of W. E. Calhoun at that place by W. T. Eldridge of San Antonio. Mr. Eldridge has been under arrest at Wallis since the killing and in charge of the constable of that precinct, but brought here. Examining trial was set for Thursday.

FORMAL RECEPTION.

Congressman Sheppard of Texas Re-
sponds to Address of Welcome.

Chattanooga, May 10.—The formal
reception of the Woodmen of the World,
which is in national convention here,
occurred in the auditorium Tuesday

HON. MORRIS SHEPPARD.

night. Mayor Chambliss made the address of welcome, which was responded to in an eloquent speech by Congressman Morris Sheppard of Texas. There were nearly 3000 persons at the meeting.

AMERICAN STOCKGROWERS.

First Annual Convention Held in Capital of Colorado.

Denver, May 10.—The American Stockgrowers' association, which was organized last January by seceders from the National Livestock association, began its first annual convention in this city Tuesday. Addresses of welcome were made by Governor McDonald, Mayor Sheer and John W. Springer, former president of the National Livestock association, and a response by W. W. Turney, president of the Texas Cattle Raisers' association. Discussion among the members of the American Stockgrowers' association indicates that affiliation with the National Livestock association is out of the question at present. President J. F. Hagenbarth of the latter organization is in attendance at the convention, but the executive committee of the association of which he is the official head, has not appeared as anticipated.

TWELVE KILLED.

Fifty Others Were Wounded During the
Attack on the Jews.

St. Petersburg, May 10.—Private dispatches from Zhitomir attribute the attack on the Jews to an article in M. Kroushevan's paper. Twelve persons were killed and fifty wounded. On Sunday the Jews telegraphed to friends in St. Petersburg to ask the authorities to take stronger measures for their protection, and orders to that effect were sent. A renewal of the fighting is expected. Commenting on the news, the Novosti remarks that M. Kroushevan, the former editor of the Neassareabizst of Kishineff, held to be responsible for the massacre of 1903 at that place, had hardly returned to Kishineff and started the publication of a new paper, the Blend, before Jewish massacres commenced.

BURNED SCHOONER.

Crew Put Ashore and Another One
Sent to Vladivostok.

St. Petersburg, May 10.—General Linewitch, in a dispatch to the emperor, dated May 7, gives the Russian official version of the recent raid made by Russian torpedo boat destroyers from Vladivostok. He says Captain Baron Raden, while reconnoitering the coasts of Japan with a torpedo flotilla, burned a Japanese schooner two miles off Cape Seoutouki, and put the crew ashore and also captured another schooner fifteen miles off the Japanese coast. After removing nine of her crew Captain Raden sent the prize to Vladivostok.

Not In French Waters.

Paris, May 10.—Orders have been sent to the civil and naval authorities in French India-China not to permit the junction within French waters of the Russian naval forces under Admiral Rojestvensky and Rear Admiral Nebogatoff. Instructions have already been sent to Admiral De Jongueres, the French naval commander, to see that Rojestvensky fully observed the promise he has given to leave French waters.

Squadron Sails.

Nha Trang, Annam, May 10.—Admiral Rojestvensky's squadron, which has been cruising for several days off Van-fong bay, sailed Tuesday morning.

TEXAS PRESS ASSOCIATION.

Twenty-Sixth Annual Convention Be-
gins at City of Brownwood.

Brownwood, Tex., May 10.—The twenty-sixth annual session of the Texas Press association began here Wednesday morning. The attendance is large and many of the men who have been conspicuous in Texas newspaper work for years are present. One familiar figure absent at roll call was that of Farmer Shaw, who was to have replied to Chester Harrison's address of welcome. Colonel Jim Lowery of Honey Grove was given this honor and performed the duty with marked success. Every visitor has been given a hospitable welcome and all of Brownwood's residents are striving to verify the sentiment contained on a big banner that has been raised in the hall where the meeting is being held: "There Is Nothing Too Good For You." Nearly all of the married editors have their families with them and the ladies of Brownwood are excellent hostesses.

SET FOR SATURDAY.

Concurrent Adjournment Resolution Is
Introduced in Senate.

Austin, May 10.—A concurrent resolution has been offered in the senate providing for sine die adjournment of the special session of the legislature Saturday afternoon at 6 o'clock.

The house passed finally Bowser insurance tax bill, which seeks to cure defects in act passed by last regular session.

The house adopted a resolution providing for the appointment of a committee of four to draft an appeal to the people of Texas to contribute toward paying the balance of \$341 due Captain G. P. McNeill, who had charge of the Texas agricultural exhibit at the World's fair.

Galveston causeway bill was engrossed in the house and the Austin dam measure passed finally.

A resolution was adopted in the house endorsing Representative A. L. Sharpe of El Paso for the position of collector of customs at El Paso, he being an applicant.

The house refused to endorse F. F. Hill of Denton for lieutenant governor. Several members declared that it would be out of order to adopt the resolution.

The senate passed finally its state banking bill, the house bill having already passed the latter body.

For Lieutenant Governor.

Austin, May 10.—Hon. F. F. Hill, member of the lower house for Denton county, has announced that he is a candidate for the Democratic nomination for lieutenant governor.

Application Refused.

Austin, May 10.—Board of pardons refused the request of Holly Vann, sentenced to be hanged at Dallas Friday, for life imprisonment.

FINGERS FROZEN.

Ed Taylor Alleges He Was Told to
"Work Harder" and Did So.

Fort Worth, May 10.—Ed Taylor, a negro, has brought suit against the Rosenbaum Grain company of this city for damages in the sum of \$10,000. Taylor alleges in the petition that he was employed Feb. 6 to unload grain from cars by means of a steam shovel at the Rosenbaum Grain company. On Feb. 13 it was very cold, the temperature being many degrees below freezing, and a stiff north wind was blowing, causing the handles on the steam shovel to be very cold.

He avers that he asked the foreman to permit him to go into the engine room or the office so that he could warm himself, but that he was told to "work harder" and he would get warm, and that he did so.

Plaintiff's hands were frozen so badly that he has not a good finger left on either hand, it is alleged. The second and third fingers on the right hand were frozen off at the first joint, and the other two were frozen so that they sloughed off, leaving nothing but a stub, although the bone remains. All four fingers on the left hand have sloughed off, leaving only stubs and the bone.

BONHAM SELECTED.

Next Meeting of Woman's Clubs to Be
Held at That City.

Waxahachie, Tex., May 10.—By a unanimous vote the North Central district of the Women's Federated Clubs of Texas selected Bonham as the place for their meeting next year. The officers elected are as follows: Mrs. C. W. Wiley of McKinney, president; Mrs. Cosgrove of Pilot Point, vice president; Mrs. Burton of McKinney, secretary; Mrs. Hill of Cleburne, treasurer.

Mrs. John B. Pondrum of Pilot Point, the retiring president, was elected delegate to the state biennial meeting and Mrs. Bradford of Bonham was named as alternate.

POSITIVE DENIAL.

Senator Culberson Telegraphs That
Statement Is Absurd and False.

Dallas, May 10.—The rumor that was current concerning Secretary of War Taft's attitude on the Trinity river appropriation, to the effect that the money would not be available, because of constitutional defects in the provisions of the appropriation, was given a positive denial from Washington. Senator Culberson says he saw the secretary and he pronounced the report absurd and utterly false.

DAM BREAKS.

Lake Stocked With Costliest of Fish Is
Badly Damaged.

Marshall, Tex., May 10.—The large lake which is the property of Hon. E. B. Blalock, notarial representative for Marion and Harrison counties, is almost a total loss, the dam having broken as a result of the heavy rains. The lake was stocked with the choicest of game fish and the loss is about \$4000.
